

VISUAL LEASE

Lease accounting and management made easy.

Leading technology meets expert services for the most complete lease management and accounting solution for ASC 842, IFRS 16, GASB 87 and GASB 96.

The best of both worlds

By combining Jackson Cross' managed service platform and Visual Lease's reliable software solution, these two organizations provide a full end-to-end solution for the adoption of the new lease accounting standards (ASC 842, IFRS 16, GASB 87, GASB 96) for their clients, and the ability to generate returns on the investment for years to come.

Webinar

The cross-functional power of centralized lease data

Thursday, June 23 | 2 - 2:45 p.m. ET

Joe Fitzgerald
Senior Vice President,
Lease Market Strategy

Zachary Forrest
Executive Director

Lou Battagliese
Partner

Jackson Cross Partners is a full-service corporate real estate company, providing services to support companies in every stage of their real estate maturity. Some key advantages to working with JCP for lease administration and accounting include a:

- ✓ Complete, accurate and centralized database for lease data and reports you can rely on
- ✓ Streamlined change management process to meet and remain in compliance
- ✓ Timely delivery of data and reports to empower clients to make strategic and operational decisions

Visual Lease makes easy-to-use software to help organizations manage and account for their leases, and stay compliant with US-GAAP, IFRS and GASB lease accounting standards.

Developed by industry-leading lease professionals and CPAs, Visual Lease empowers businesses with:

- ✓ Complete visibility and control of every lease in one centralized repository for ongoing, accurate lease data
- ✓ Fully configurable fields, workflows, processes and reports to handle every business need and lease scenario
- ✓ Automated journal entries, disclosures and footnotes to confidently account for every required calculation and remeasurement

What you get

- ✓ Reliable lease accounting and administration technology
- ✓ Data-centric, skillful lease abstraction expertise
- ✓ Professional support team committed to your success
- ✓ Prioritized future-readiness with 25% of revenue invested in R&D

How it impacts you

- ✓ Account for every lease in one single subledger for ongoing compliance
- ✓ Have complete confidence in the accuracy of your lease data
- ✓ Stay compliant and in control, proven by our 99% customer retention rate
- ✓ Receive robust functionality that continuously improves and adapts to your needs
